

Rudy Orre

Los Angeles, CA | 310-505-6816 | rudyorre@gmail.com | rudyorre.com

SUMMARY

Committed and creative computer science student who has been programming for 3 years. Seeking to gain firsthand experience in the field as a software engineer intern.

EDUCATION

El Camino Community College
Torrance, CA

June 2019 - June 2021

- GPA 4.0
- Associate of Science Degree (AS) and Certificate in Computer Science
- Relevant Courses: Foundations of Data Science, Advanced Programming in C++, Data Structures/Algorithms, Data-Driven Persuasion, Computer Programming in Python, Multivariable Calculus, Differential Equations and Linear Algebra, Statistics with Probability, Discrete Structures

WORK EXPERIENCE

Software Engineer Intern

Aug 2020 - Present

Vision 13, Minneapolis, MN

- Designed and implemented solutions with robust testing to increase the scalability of the network
- Refactored classical computational programs to work on quantum hardware
- Collaborated in an Agile work environment with daily meetings and weekly Sprints

Computer Science and Mathematics Tutor

Dec 2019 – Present

Math Study Center, El Camino College

- Provided academic assistance to students from a variety of math and computer science courses
- Specialized primarily in topics such as data structures/algorithms and multi-variable calculus
- Worked with the tutees to reach solutions, rather than to just find answers
- Evaluated and graded students' exams and other class

Google Computer Science Summer Institute Scholar

Aug 2019 – Sep 2019

Los Angeles, CA

- Developed full-stack skills to tie the HTML of the site with the backend via Google App Engine
- Collaborated with peers and professors to develop the project ("Warrior Plan")

PROJECTS

Multivariate Linear Regression

May 2020

- Developed a statistical model that uses N features to predict the response variable
- Implemented with the gradient descent algorithm from scratch in pure C++

VOLUNTEER EXPERIENCE

"My Data Hub" Webinar Series

Sep 2019 – Nov 2020

- Interviewed Data Scientists from Stanford, Google, JPL, etc. in our webinar series to promote data science to students of all backgrounds
- Assisted in the distribution of information and recruitment of students to our program (100+ students)

SKILLS / HONORS / AWARDS

- Proficient in Python, C++, and Java; familiar with HTML, CSS, and JavaScript
- Fluent in reading, writing, and speaking Japanese
- Rank of Eagle Scout, Boy Scouts of America
- National AP Scholar Award
- Dean's List for all semesters at El Camino College
